Laboratory of Social Informatics, Statistics and Research
Infrastructure**

(PI Professor Kostas Rontos)

and

Collaborating Agents

**Athens University of Economics and Business, National Center of
Social Research and German Jordanian University**

The research project titled “The perspective of a permanent refugees’ and immigrants’ settlement in Greece: Revealing the demographic and socioeconomic consequences and their importance for the Greek society’s acceptance” is conducted by the University of the Aegean and supported by the Hellenic Foundation for Research and Innovation (H.F.R.I.) within the framework of the action “1st Call for proposals for research projects for the support of Faculty members and Researchers working in the Greek Universities and Research Centers and the procurement of strategic research equipment” (Project Number: 2897).

In the current stage of implementing the programme, the multidimensional theoretical part has been completed in addition to the conduction of focus group with the participation of international organization senior officers and agents exercising migration-refugee policy. Moreover, the following research actions are in progress with the final aim to extract proposals regarding the efficient and all-embracing strategy of socially integrating immigrants and refugees:

a) secondary research after compiling and evaluating data already collected within the framework of previous primary research at the local, European and international level concerning the consequences of a long-term stay/permanent settlement of immigrants and refugees having arrived recently in Greece,

Η ερευνητική εργασία υποστηρίχτηκε από το Ελληνικό Ίδρυμα Έρευνας και Καινοτομίας (ΕΛ.ΙΔ.Ε.Κ.) στο πλαίσιο της Δράσης [«1η Προκήρυξη ερευνητικών έργων ΕΛ.ΙΔ.Ε.Κ. για την ενίσχυση των μελών ΔΕΠ και Ερευνητών/τριών και την προμήθεια ερευνητικού εξοπλισμού μεγάλης αξίας»](#)

(Αριθμός Έργου: 2897)

b) primary quantitative research in located areas of the country where temporary stay migrant and refugee populations with the aim to study attitudes and perceptions of local societies about the long-term stay/enduring settlement and the factors facilitating or inhibiting the smooth coexistence and

c) primary qualitative research addressed to representatives of regional and local agents, executives and people involved into integration policymaking with the objective to study the applied measures of social integration, the efficiency and the detection of their weaknesses as well as the emergence of expedient and successful interventions.
