### #YourOpportunity

At Deloitte, the **spirit of the excellence** is part of our DNA. We strive to hire the **brightest minds from all around the globe**, allowing us to excel in both long-term strategic thinking and business improvement implementation as the undisputed global leader in professional services. We are committed to **delivering impacting results** for diverse private and public organization clients, linking our peerless talent in cyber risk with **unrivalled opportunities for impact** – committing ourselves to sustainable growth and investment in our employees' development and inclusion along the way. Our culture is rooted in profound shared values. Our values guide us as we live our purpose to serve our clients with quality and distinction, inspire our people to work collaboratively to deliver value, actively contribute to society, and lead the profession by challenging ourselves to do what matters most. **Deloitte's values are what unite us** across cultures and geographies, and ultimately help us earn the trust and respect of our people, clients, and society. We believe that our differences enable us to **#makeanimpactthatmatters**.

### #ChooseDeloitteif

- You want to be involved in the **definition and implementation of new and cutting-edge solutions** to address cybersecurity detection and response challenges for the most relevant and prestigious clients across industry verticals
- You want to work with **inspiring, ambitious, and supportive people** with diverse geographical and academic backgrounds and extensive skills
- You are a **cyber security enthusiast and visionary** and are eager to explore how it can be embedded in our future
- You get excitement in **managing clients shifting priorities** and accomplish tasks in a **challenging, fast-paced** environment
- You like to **nurture people** and **share your knowledge** with others

With the scale and complexity of cyber-attacks increasing every year and the world becoming increasingly more interconnected and technology-enabled, being prepared for the inevitable and able

to confidently detect and respond to even the most sophisticated incidents, is no longer an option it's a necessity. Our team, supports clients across industry verticals **enhance their preparedness** to deal with the inevitable by **expanding their visibility over networks and systems** through cutting-edge technology, **building and maturing their attack detection capability** through tried and tested detection analytics, **proactively identifying potential indicators of compromise** through threat hunting, and **supporting them respond** to cyber incidents should the need arise.

### #YourRole

- Be part of **Deloitte's Cyber Intelligence Center** and conduct advanced cyber security analysis to detect adversaries that may have bypassed conventional controls remaining undetected in our clients' networks and systems.
- Analyze **network and system activity** on client systems (**during standard business hours only**) leveraging technologies such as EDR, XDR and SIEM, to support detection capability development and incident response efforts.
- Face and solve client **cyber threat prevention, detection, and response challenges** in an innovative and effective way.
- Enable clients to **respond to cyber incidents** swiftly and effectively supporting containment, eradication, remediation and recovery efforts.
- Receive **training** and attain **certifications** in the use of cutting-edge cybersecurity products but also on various cybersecurity topics.
- Closely collaborate with **experts** from many different disciplines and geographies.
- Be part of a **global community** of Deloitte experts in Cyber Incident Response and Threat Intelligence that provide clients with actionable intelligence to detect and respond against APTs.

### #WinningRequirements

- **University degree** in Information Technology, Computer Science, Cyber Security or equivalent.
- **1-2 years of experience**, preferably in a **Cyber Security Analyst or Cyber Security Engineer role** will be considered an advantage.
- Experience with **Windows** and **Unix/ Linux** systems.
- Solid understanding of core **networking** and **operating systems** concepts.
- Strong **analytical** and **problem-solving** skills.
- **Scripting** skills (Python, Powershell, Bash etc.) would be considered advantageous.
- **Passion and curiosity** for the cybersecurity industry and technology trends, innovations and frameworks, as well as current IT security technologies.
- Possess **interpersonal skills** and the ability to develop **effective and lasting relationships** with clients and colleagues.
- Ability to conduct **complex analyses and communicate** outcomes clearly and concisely.
- Fluent in both English and Greek language.
- Military obligations fulfilled where applicable.

### #ChooseDeloitteif:

- You want to work with inspiring, ambitious, and supportive people with diverse geographical and academic backgrounds and extensive skills.
- You get excitement in managing clients shifting priorities and accomplish tasks in a challenging, fast-paced environment.
- You like to nurture people and share your knowledge with others.

## **#AboutDeloitte**

### **Our services**

Deloitte offers Global professional services that include Audit, Risk Advisory, Tax, Consulting and Financial Advisory. Our approach combines insight and innovation from multiple disciplines with global business and industry expertise to help our clients excel anywhere in the world.

We deliver outstanding impact on the reputation and success of our clients, in Greece and globally. In pursuing this we contribute to a sustainable and prosperous society and are firm believers in the positive impact business can and should have on the world it operates within.

### **Our Purpose**

Our purpose, “To make an impact that matters for our clients, our people and society” - defines who we are and what we stand for. This is not about size, it's about being the first choice. The first choice for the largest and most influential clients, and the first choice for the best talent.

### **Our values**

At Deloitte we foster a collaborative culture where talented individuals can produce their best work. We value innovative thinking, diverse insights, and a genuinely distinctive level of customer service. We value difference, with respect at the heart of our inclusive culture, and we support agile working arrangements.

### **Our talent experience**

From day one at our firm, practitioners are part of a community. Our development and career progression framework will help them develop the skills and capabilities to succeed. The wellness of our people and the ability to offer agile working arrangements is at the centre of our unique talent experience. We create a workplace that encourages collaboration, creativity, inclusiveness to ensure our staff are supported, encouraged, and feel a sense of purpose and meaning in what they do each day.
